Web Conferencing
Video Conferencing
Unified Communications

Two Rivers Conferencing provides businesses of all sizes with high quality, easy to use Audio Conferencing, Web Conferencing and Video Conferencing Services, helping them to effectively communicate and share information with their customers and within their organizations in ways that optimize their time, resources and budgets.

Services and Support

Our Conferencing Experts assist you with choosing from a complete range of industry leading services, options and tools that will meet your organization’s business needs and budget. Choose between traditional Audio, Web, and Video Conferencing, as well as our **Unified Communications (UC)** offering, including Office 365 and cloud-based telephony.

| | |
|--------------|---|
| Audio | • Automated Audio • Assisted Audio • Meeting Manager • Mobile Conferencing Apps |
| Web | • Unified Meeting® • Microsoft® Lync Online • Cisco WebEx™ • Adobe® Connect™ |
| Video | • Desktop Video • Room-based Video • HD Video Room Hosting |
| UC | • Microsoft® Office 365: Lync Online, Exchange Online, SharePoint® Online, and Office Professional Plus • Cloud-based Telephony |

Customer Focused Solutions

Maximize Your Business Potential by Using Two Rivers Conferencing Services

- **All businesses from small to large** rely on our HQV (High Quality Voice) Audio Conferencing and “pay for what you use” pricing for daily conference calls.
- **Large enterprises** use Two Rivers Conferencing Unified Meeting® to enable their sales forces with cost-effective web conferencing collaboration.
- **Law firms** utilize our local HD Video Conferencing facilities to conduct effective legal depositions of witnesses and clients across distant locations.
- **Human Resource organizations** use Room-based Video Conferencing service to interview employment candidates more quickly and conveniently.
